The feedback forms are distributed to the UG and PG students. The feedback is collected in terms of a) Quality of the syllabus and b) Relevance of the curriculum in the current scenario. The grading is as following: Excellent – 4, Good – 3, satisfactory – 2 and inadequate -1. Students are asked to indicate the grades for all the subjects for the above-mentioned parameters. There is a scope for further suggestions on the curriculum in the feedback form other than the two parameters mentioned. Feedbacks are then sent to the different departments and analysed judiciously. The consolidated data are then sent to the Principal for further scrutiny. Periodic meetings are held with different stake holders such as alumni, parents and employers for the feedback. College has MoUs with different industries. They also provide relevant feedback to keep the syllabi abreast with current industrial requirements. As an affiliated college of the university, thus collected consolidated data from all the stake holders are sent to the Board of Studies of the university for further consideration. However, any suggestions made for the certificate courses will be employed by the college itself.
