50 responses

24. Rate the quality of teaching-learning process in your institute.

51 responses

25. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

- Good
- Just improve
- it's always at its best
- I had improve my communication skills frequently. I had got well experience in the institution and enjoying the moments of participating in all the activities. We got well leaning experience in the institution library.
- No suggestions..
- Other Students not responding well. Because of that teachers are afford so i suggest my college to think about that students who haven't any device to attend the classes. Otherwise start the offline classes as soon as possible. 😊
- Had to conduct more activities other than studies
- It's always good
- Explanation should be improved
- Improve teaching methods little bit with practical examples
- Should complete syllabus Should clarify all the concepts
- 1. Effective two-way communication is necessary. 2. Few faculties need to improve their communication and teaching methods. 3. Students must be given opportunity of being heard. So that they can share their views freely. 4. Stay unbiased.
- Very good
- 1. Every student in the class has to be made ready to give seminars in class as this will make them confident about their careers 2. Compulsory speech/essay competitions need to be conducted 3. Extra classes for students weak in students with the help of volunteer students can be contacted
- Efficiency in teaching (discussion method would be more beneficial than one sided teaching)..overall good, learned a lot from this college
- The student _mentor communication was very rare .if it is improved it's really good. providing much knowledge about future education and employment opportunities.
- Learning communication, Better improve my skills, knowledge etc
- Digitalization is required in teaching mode
- To start mcom
- No complaints
- Should give attention to every student individually .
- not at all teaching is very good and my learning experience in college was very good n i loved it
- Teaching through presentation
- It is good Easy to understand Sports is best in our college
- ಕನ್ನಡ ಭಾಷೆ ಹಾಗೂ ಕನ್ನಡ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಮಹತ್ವ ಕೊಡಬೇಕು ಹಾಗೂ ಪ್ರತಿ ವರ್ಷ ಕನ್ನಡ ಹಬ್ಬ ಆಚರಿಸಬೇಕು. Translation: Consider Kannada medium students while teaching.
- The campus is so good and the teaching technique is very good. We luck to study in Rpd Clge

- 1 - when I was in 1st year all though I had attended all the classes but I was not given the attendance internal marks. 2 - more study tour should be considered. 3 - in internal exams if one student write answers or solves problem by another method he is not given proper marks for that thing.
- Making the class more interactive with presentation and proper communication and with proper preparation
- The college and teachers are best but what is going on in college which function only selected students are assigned and we are not considered....in YRC I was interested but when they take names when the selection is done we doesn't knw about it ...thank you and one thing I like the office staff very much ...equal cooperation is given to all students please and conduct more study tours only teaching in class doesn't work...thank you overall campus is clean and well maintained no doubt...
- No suggestions ... Everything is good ☺
- Please maintain the Gents washroom. cleanness is not there please look for that. its a humble request.. thank you..
- The students should be divided on basis of the language (i.e. English or Regional language) in which they are going to write the exams and then accordingly conduct the classes seprately for for both the batches....
- Good
- No issues..
- Education is best, Teachers interaction is good But Modern education is needed like Smart board presentation, computer classes, presentation from students in technical way.. But too our institution is best in belgaum.. Teachers support to student is in high level..
- Overall teaching is very good. More emphasis should be laid on practical teaching and learning process.
- In library time limit for 1 book is should be increased.
- Take students to study tour, Teachers to teach with the help of projector,
- Can be in better way
- 1. Interactive classes 2. Student friendly environment 3. Interesting teaching approach
- 1) Improve practical practices in computer lab 2) give more respons about future plans
- Use of technology is required.
- Need more activity,
- The thing is language issue because some students come from Kannada medium and they are not able to understand the english.so the respective should focus on that type of students. There should be more CAA activity because due to language issue some student don't participate.
