Report on Electronic Voting Machine Workshop

The workshop on Electronic Voting Machines (EVMs), held on 17th January 2024, was an enlightening session aimed at familiarizing students with the technology behind modern electoral systems. Organized by the Department of Political science the workshop featured hands-on demonstrations, detailed explanations of the design and functioning of EVMs, and discussions on their role in ensuring secure and transparent elections. Experts highlighted the technological advancements and safety measures embedded in EVMs, addressing students' questions and fostering an engaging learning environment. The event successfully broadened participants' understanding of the critical role of technology in democracy and governance.
